

A Big Rocks Manufacturing Company

FINISHING SERVICES | WAREHOUSING SERVICES | SHIPPING SERVICES

Located in central Missouri, Total Powder Coat and Finish offers both **batch and automated powder coating services**, along with a variety of other value-added services such as **light assembly, kitting, inventory management, and logistics support**. Our batch system enables us to run smaller batches of parts that are manually coated in our 20-foot booth and oven. Meanwhile, our automated, chain-driven line can accommodate parts up to 54 inches long within a window of 71 by 15 inches, passing through our fully automated, quick color change booth.
